TALLINN – EUROPEAN GREEN CAPITAL 2023

www.visittallinn.ee

Estonia's capital city of Tallinn is famous for its picture-perfect Old Town - listed as a UNESCO World Heritage site for being one of the best-preserved medieval city centres in Europe. Away from the Old Town's cobblestone streets, the city of Tallinn has a modern feel, with off-beat architecture and a vibrant, cultural life. The newly reclaimed industrial areas of Rotermanni, Telliskivi, and the Noblessner port are now trending

as cultural hotspots with multiple design studios, art galleries, top restaurants according to locals, and craft breweries. The green and compact seaside city of Tallinn has a strong focus on sustainable development and in 2023 will hold the title „European Green Capital 2023“.
